UNFINISHED BUSINESS * * * *

None.

NEW BUSINESS * * * *

Park Restaurant Rebuild – Bill Todd came before the Board to discuss the rebuilding of the Park Restaurant. He said originally they did not think the entire building was going to have to be demolished, but after they got into the demolition they found there was more damage than originally determined and Larry Conover said it would be best to take down the entire building. The building was originally an “L” shape. Conover is requesting to make the building a rectangular shape. The seating capacity will be the same and there will be a banquet room on the northwest side of the building. There will also be handicap accessible restrooms. The building will be updated as much as possible and will be as “green” as possible. Mull made a motion to approve the plan as submitted with the rectangular shape building. Herbert seconded the motion. Motion carried.

There were some concerns that parking would be a problem. Conover said the seating capacity will be the same, therefore he does not anticipate any more problems with parking than what they are already experiencing. Bostic said he will have Danny Mathews and Ron Cameron do a study regarding the parking and get back with him.

There was no further business to come before the Board, Mull made a motion to adjourn. Herbert seconded the motion. The meeting adjourned at 1:25 p.m.
